

## **St Peter's Cathedral, Lancaster**

A packed programme of concerts and cultural events for spring/summer 2009 has been prepared, with a number of special events taking place to mark the Cathedral's 150th anniversary.

Highlights include some major concerts, a flower festival, some newly-commissioned drama and an exhibition in the city museum.

The brochure for these events is due to be released in early February 2009, with copies available in the Cathedral and at events around Lancaster. The brochure will be available in pdf format here as soon as it is released.
